

St. Croix Foundation for Community Development
CARE GRANT FUNDING GUIDELINES

Grant Cycle & Reporting Requirements

- Applications are accepted from February 12 – March 5, 2018. Grant award letters will be distributed by March 30, 2018.
- CARE Grants are for projects that must be completed in one year.
- Grant applications must be a minimum of \$1,000. Applications over \$20,000 must identify additional funding sources.
- Final reports are required for all projects upon completion of the project (at year end); for projects whose duration is a full year, interim projects will be required. **Note:** St. Croix Foundation will be conducting random site visits during the grant cycle.

Criteria

Organizations eligible for a CARE Grant must supply and meet the following criteria:

- Be a 501(c)3 organization or one that is operating as a fiscal sponsored project of a 501(c)3 organization.
- Have a corporate name on file and approved through the Lieutenant Governor's Office of the U.S. Virgin Islands.
- Indicate a clear and substantive fit within one or more focus areas:
 - Development of services and/or programs that address needs directly related to hurricane victims/recovery.
 - Capacity building to allow expansion of existing services that directly relate to needs of hurricane victims or recovery.
 - Reconstruction of facility(ies) necessary for conducting programs that directly relates to needs of hurricane victims or recovery. (Please submit two (2) quotes and a valid business license for all construction projects prior to work being completed).

Priorities of the St. Croix Foundation

As a community development nonprofit organization, St. Croix Foundation's priorities also include:

- Organizations or programs where grant resources have the potential for significant impact typically small to mid-size organizations/programs that are poised for growth.
- Innovative and effective model programs with potential for replication that can contribute to solutions to issues addressed by the Focus Areas.
- Organizations and/or projects that can indicate shared work and/or a deep collaboration with entities within their field of focus or cross-sector collaborations.
- Opportunities to encourage philanthropy by leveraging Foundation resources to stimulate giving from other sources and help build a global philanthropic community.
- Fiscal responsibility.

St. Croix Foundation CARE Grant Does Not Fund:

- Organizations that discriminate on the basis of religion, gender, race, ethnicity, political beliefs, or disabilities; Specific religious activities or beliefs or organizations that require adherence to a specific religion or belief
- Lobbying or political activities
- Any commercial business purpose
- Any litigation that is underway, contemplated, or completed, or organizations that use litigation as a primary tool to carry out its mission
- Private foundations, Type III supporting organizations, or other organizations that require expenditure responsibility by the Foundation
- Endowments, special events or annual funds
- Direct grants to individuals
